

Easily Standardize Asset Management Across Your Entire Organization With The Camcode Asset Management Control Portal

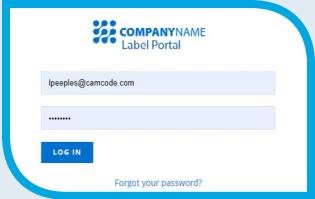

A Single, Online Source of Asset Labels For Your Entire Organization

The Camcode Asset Management Control Portal is a uniquely tailored web portal that allows coordinated procurement and distribution of all asset labels to various vendors, locations, suppliers, technicians, and end users through a single source. Ensure that your assets are tagged at the stage you require and in your database upon their arrival, rather than you or your staff having to coordinate a major asset labeling effort.

Features	Benefits
Centralized Asset Data Control	<ul style="list-style-type: none"> • No duplicates & all data is tracked centrally or integrated with your ERP or CMMS. • Enables a variety of users across multiple ordering locations or vendors to easily procure globally unique tags for their area using one secure, centralized portal. • Memorializes a Digital Asset Playbook with specific installation instructions for each asset type.
Asset-Specific Tag Engineering	<ul style="list-style-type: none"> • Engineered tag designs will remain scannable for the life of the asset in its operating conditions (outdoors, kitchens, freezers, etc.). • Supports wide variety of tracking technologies from QR code, barcode to RFID/NFC. • Easy to obtain unique asset ID tags for new items.
Data Collection & Installation Support	<ul style="list-style-type: none"> • Assistance collecting and verifying asset data and/or installing asset tags. • Tailored programs with continued support for accurate set up and sustainment of asset tracking programs.

Why Use The Camcode Asset Management Control Portal?

Customized Online Web Portal

A customized, dedicated online web portal where multiple managers, vendors, franchises, technicians, or locations can order your organization's barcode or QR code asset labels and tags through a single source.

Uniquely Durable Asset Labels

Custom designed QR or bar code labels and tags that are imaged on Metalphoto[®], a proprietary anodized aluminum substrate, that remains readable for over 20 years, even in the harshest outdoor environments.

Let Camcode Manage Your Data

Camcode's production systems will track your serial numbers and eliminate the chance of duplication or errors.

Asset Playbook & Installation Instructions

Custom created digital book, complete with photos of each of your labels on your assets, that identifies where and how to properly affix tags to each asset for easy location and permanent attachment.

Field Proven For Over 40 Years

Founded in 1979, Camcode[®] is a worldwide leader in the design and manufacturing of durable, pre-printed barcode labels. We offer customized services for asset and data tracking applications that utilize automatic identification and data capture. Camcode's extensive collection of tailored services includes project management, data management, and uniquely engineered identification products to deliver a completely personalized asset tracking solution.
